About Marapharm Ventures Inc. www.marapharm.com

Marapharm was formed to create a global entity by pursuing commercial ventures in the medical marijuana business. The Company's original project is the construction of brand new facilities on 11 acres in British Columbia's Okanagan Valley with expansion plans in place to meet strategic advantages for growth and market penetration. Marapharm is currently in the process of its application for an MMPR license. In May 2015, we announced the purchase of 5.9 acres in the Apex Industrial Park, located in North Las Vegas, Nevada. The Company has a provisional grow licence in place and will build up to a 70,000 square foot medical marijuana facility. Completed building plans were revised and re-submitted for permitting. In addition to the Las Vegas acquisition, Marapharm has entered into an LOI with the same business corporation for a 90-day exclusive negotiation rights and the right of first refusal for two additional Nevada Medical Marijuana licences, one grow operation and a medical dispensary licence in Washington State and one medical dispensary licence in California.
